MICHEL'S SORBETS
Naturally The Finest
ICE CREAM AND SORBETS

Gourmet Ice Cream Products specialise in supplying boutique hand made natural Ice Cream, Gelato, Sorbet, and Frozen Dessert products to the hospitality and retail markets. Our client base includes leading 5 star dining venues in South East Queensland and various Ice Cream, Gelato and Smoothie Bars as well as premium gourmet takeout restaurant chains around Australia.

HISTORY

Gourmet Ice Cream Products was formed in 1997 following a number of acquisitions of smaller boutique manufacturing operations that have been satisfying customers in South East Queensland for over 30 years.

Today, Gourmet Ice Cream Products, under the management of David and Andrew Fitzpatrick, have developed a portfolio of brands and award winning products that cater specifically to a number of market segments. Their ongoing aim is to provide quality and innovation that one would experience in fine dining rooms from around the world.

David and Andrew are passionate about creating the very best. They have finely tuned the manufacturing process, forged strong and reputable relationships to secure the best available ingredients and they are continually in contact with their customers and listening to their comments.

The Team at Gourmet Ice Cream Products look forward to continuing the tradition of being the market leaders and innovators in the frozen desserts market.

LOCATION

In 2004, Gourmet Ice Cream Products re-located to a new purpose built manufacturing facility to accommodate the increasing business that was and is continually taking place.

The location selected at Virginia in the northern suburbs is strategically located close to the Gateway arterial road which enables quick access to the Brisbane, Gold Coast and Sunshine Coast markets.

All of our products are produced, stored and distributed from this site. This enables Gourmet Ice Cream Products to have total control of the cold chain process to guarantee the quality of our products.

PRODUCT QUALITY

At Gourmet Ice Cream Products we pride ourselves in delivering exceptional products, sales and service.

Our modern commercial kitchens are built to Safe Food accreditation and we adhere to a certified HACCP quality system. These systems ensure each and every product is free from harmful microbes or contaminants. We source the finest ingredients available from only reputable suppliers. We have selected full cream Jersey milk and cream, seasonally fresh fruit and vegetables, quality couverture chocolate and traditional imported Italian flavours.

The quality continues in the delivery of our products utilising our modern fleet of company owned vehicles to ensure that correct handling and temperatures are maintained to the point of stacking into your freezers.
